

IN ONE LINE

Wildfire is a four-piece Austin rock cover band playing the '80s and '90s anthems everybody knows the words to.

BIO

Wildfire is a four-piece rock cover band from Austin, playing local venues and events. The lineup is Mandie on vocals, Paul on guitars, Eric on bass and Frank on drums.

The set runs from '70s classics through '80s arena rock and '90s alternative to a few newer favorites: "Crazy Train" and "Sweet Child o' Mine," "Zombie" and "You Oughta Know," "The Middle" and "Locked Out of Heaven." Big songs, played loud, that the whole room sings along to.

The idea is simple: play songs the whole room knows, put a live rock band behind them, and never give the room a reason to quiet down. Sets run song into song, so the energy carries from the first tune to last call.

Wildfire is available for clubs, bars, festivals, parties and private events.
